North Stradbroke Island is one of the largest sand islands in the world and is situated within Moreton Bay, just one hour from Brisbane. The sub-tropical climate means perfect weather conditions prevail almost all year round, so you can plan on a day which includes clear blue sunny skies and comfortable weather conditions.

The island is easily accessible by both water taxi and vehicle ferry for the convenience of organising your special day.

The opportunity to be married at a beach location will provide a unique and individual experience for both the wedding party and guests. Straddie, as it is affectionately known by the locals, has a range of venues for both your ceremony and reception. So whether you're planning an intimate wedding with a small group of guests or a lavish wedding with the lot, there is something to suit every taste and budget.

Have you ever imagined a wedding reception under the stars in a marquee, overlooking the ocean and listening to the waves roll onto the beach? North Stradbroke Island can make your dreams come true.

The reception venues can be as formal or informal as you like, with local native flora as your centre pieces or an arrangement of beautiful shells set amongst creamy white pearls.
